Welcome

Welcome to the 3rd International Conference on Organic and Hybrid Thermoelectrics (ICOT-2020). The conference will be held at the Georgia Institute of Technology, located in the heart of the city of Atlanta (USA) from June 21st to June 24th, 2020.

The field of organic and hybrid thermoelectrics has grown over the last decade and brings together the apparently disparate disciplines of organic electronics and organic thermal science exploring the interconversion of heat and electricity. This biannual conference brings together researchers from around the world to share their most recent results and cement a legacy of a long lasting research community.

This year, the theme of the conference is Advancing the Performance of Materials and Devices. Please join us as we engage in thoughtful exchanges to advance the performance of thermoelectric materials and devices. Each contribution to this field moves us one step closer to our common goal.

Scientific Topics

- Fundamentals of Charge and Heat Transport in Organic Thermoelectrics
- Organic Electronic Materials
- Organic Thermal Materials
- Organic Thermoelectric Materials
- Molecular Doping and Charge Transport
- Correlating Structure to Charge Transport
- Correlating Doping and Structure to Thermal Transport
- Polymer Composites and Blends
- Thermoelectric Devices and Applications
- Flexible and Wearable Devices
- Ionic Materials
- Thermo-electro-chemical Systems
- Advances in Thermoelectric Material Processing
- Doping Strategies
- In-Situ Polymerization
- Carbon Nanotube Materials and Devices

Atlanta

The City in a Forest is the capital of the U.S state of Georgia and the cultural and economic hub of the Atlanta metropolitan area, home to 5.9 million people. Blending southern culture in one of the nations most cosmopolitan cities reveals a community that hosts a diverse range of interests and neighborhoods. The conference will be held at the Georgia Tech Hotel and Conference Center, at the eastern edge of the beautiful Georgia Tech campus.

Abstracts Call opens in 10/2019
Registration opens in 11/2019

Executive Committee
Shannon Yee
Michael Chabinyc
